

SEEKING COLLEGE LEVEL MICROBIOLOGY TUTOR
\$15.00-\$20.00/hour (DOE)

Biotech Partners provides a comprehensive, hands-on academic and job training program in Berkeley and Oakland public schools for populations typically underrepresented in the sciences, especially students of color, young women and those from low-income households.

This unique program consists of a specialized science and technology curriculum for 11th grade through community college; summer internships for high school students; year round co-op jobs for community college participants; and support services to help each student achieve success.

We are seeking a part-time tutor to work with Community College students September 2011 – June 2012, Friday afternoons for 2-3 hours between 10:00 a.m. and 4:00 p.m. Exact times to be determined. Must be comfortable and familiar working with diverse populations.

Must have knowledge of concepts that support College Level: Intro to Biology (BIO10):

- Cell structure/function
- Interrelationships
- Genetics
- Biological chemistry
- DNA and genetics
- Overview of living organisms
- Ecology
- Evolution of all life forms from bacteria to animals

Also:

- Experience tutoring/teaching
- Strong science skills
- Strong math skills
- Strong problem solving skills
- Good interpersonal skills

Email resume and cover letter to:
BP Program Director, Meghan Colgan
